Dear Dr. Yetley:

This letter is to notify you that we are offering for sale soy protein powder (drink mix) as a dietary supplement. It contains the following structure/function statement: Isoflavones provide cardiovascular and menopausal support and promote cellular protection...Soy is an excellent source of isoflavones. Research shows a positive relationship between the consumption of soy foods and heart health, antioxidant activity and menopausal support. Our label contains the proper disclaimer as well.

Thank you,

Lori Akian
Technical Nutrition Assistant
